Sounds good to me. We will let the LWG know.

Subject: AOPC Meeting Agenda

Bob, Chip and I were discussing the AOPC meeting agenda and thought it would be good to allow for the respective government and LWG teams to meet separately between 1:00 and 2:30 pm on the second day to see how far apart we are. We could then regroup after a afternoon break between 3 and 4 and finish up with a management team session from 4 - 5.

Let us know what you think.

Thanks, Eric
